COMMITTEE
MAKES REPORT

No Reflection on Mayor and Clerk In Disputed Election.

OTHER CHARGES REFERRED

To Grand Jury For Official Investigation and Action Postponed.

At the regular meeting of the council Friday night, the investigating committee recently appointed, submitted the following report, which was adopted without opposition:

"We, the undersigned members of the special investigating committee appointed by the Board of Council of the city of Hopkinsville, on the 23rd day of December, 1912, to investigate charges reflecting upon Chas. M. Meacham, Mayor, and H. W. Tibbs, Clerk, and Dr. R. L. Bradley, Councilman from the Seventh ward, and John W. Richards, Tax Collector, beg leave to make the following report:

"Said committee first proceeded to investigate the conduct of Chas. M. Meacham and W. H. Tibbs in counting the ballots cast in making nominations for policeman on December 20, 1912. And said committee finds from the evidence that a mistake was made in counting these ballots. That Alfred Means received the votes of four members of said council, when he was only credited with three. But said committee further reports that said error was an honest one, and made by the mayor in calling off the votes to the clerk; and that one of said ballots was so written that an honest mistake could easily be made in calling the names from same. That said H. W. Tibbs, clerk, had nothing whatever to do with said ballots and is in no wise responsible for said mistake.

"Said committee then proceeded to investigate the conduct of Dr. R. L. Bradley and John W. Richards, with reference to the alleged acceptance by them of \$10.00 from Alfred Means, to be used in securing his election as policeman and we herewith submit all the evidence heard by us touching upon these matters, which was taken by John King, official stenographer of the Christian circuit court, in shorthand and transcribed by him; for the consideration of this council.

Respectfully,
"W. S. HARNED, Chairman,
"F. W. DABNEY,
"W. H. DRAPER,
"J. J. METCALFE,
"HERBERT L. HAYDON."

After the report of the committee had been adopted, Councilman Dabney offered the following resolution which was also adopted. This resolution reads:

"Be it resolved by the Board of Council of the City of Hopkinsville: That the report of the committee investigating the charges against Dr. R. L. Bradley and John W. Richards, and all the evidence taken by said committee touching upon said charges, be preserved by the clerk of this council and turned over to the grand jury of Christian county when said grand jury convenes the fourth Monday in February, 1913, and that this matter be referred to said tribunal for its investigation, and further action by this council be postponed until said grand jury has made its investigation."

MILLINERS
BIG COMBINE

A Secret Meeting of Wholesale Dealers Is Held In Chicago.

LOUISVILLE MEN ARE IN IT.

Twenty-One Manufacturing and Jobbing Concerns Are Represented at Session.

Chicago, Jan. 6.—A secret meeting of wholesale milliners was in session in Chicago Saturday, and it was reported that plans were on foot for the formation of a large combine, with headquarters here. Tentative plans were discussed and a committee appointed to decide on capitalization, it was said.

Fourteen cities outside of Chicago, extending from Pittsburgh to San Francisco, and from Louisville to St. Paul, were represented. One hundred men were present, representing twenty-one milliners, manufacturing and jobbing concerns.

According to rumors the new concern was to be capitalized at \$25,000,000, and the merger put through by a New York financial institution.

DIXIE LIMITED

Name of New L. & N. Train Just Put On.

The new train on the L. & N., between Chicago and Jacksonville, Fla., is now in commission and is known as the Dixie Limited. South bound, the train will pass here at 10:41 p. m., going north it will pass at 7:03 a. m. No stops will be made in Kentucky for passengers.

Hereafter the accommodation, which formerly left here at 7:05 a. m., now departs at 7:08., or 3 minutes later. No. 54, the St. Louis fast mail, now passes here at 10:12 p. m. north bound, instead of 10:10 as formerly.

MAY CUT THE RATES
ON PARCELS POST

Weight Limits May Be Increased, Says Postmaster General.

Washington, Jan. 3.—On the basis of the statement of two weeks' business of new parcels post called for by Postmaster General Hitchcock to be compiled and sent in by all postmasters on January 15, it is possible that parcels post rates will be reduced, weight limits increased and all conditions of mailability so modified that the new government services will attract a far greater volume of business than the right provisions of the original Bourne bill will now permit.

Moreover, it is the present intention of the Postoffice Department to keep broadening the classification of articles permissible and cheapening the service until the postoffice is bidding for virtually the complete traffic now carried by the express companies.

COUNTY BOARD

Of Supervisors of Taxes in Session Here.

The county board of tax supervisors, composed of J. R. Stamps, Bernard Atkinson, Al Pool, M. L. Elb, W. J. Murphy, John Pendleton and R. H. McGaughey, met yesterday and will remain in session five days. On Friday the board will adjourn to meet again in ten days to hear complaints, if any, from those whose assessments are raised.

WHAT WE WANT

Cheaper Coal.
Fewer divorces.
The White Way.
Open-air concerts.
The Federal Court.
Cleaner back yards.
Lower insurance rates.
A big revival of religion.
Backing up the B. M. A.
An old-time county fair.
Painting the court house.
An increase of population.
A handsome library building.
A new I. C. passenger station.
Less politics and more business.
A ball team that can play ball.
Less kicking and more pulling.
All the tobacco sold here possible.
That \$75,000 post office building.
Everybody to boost Hopkinsville.
At least a traction line to the Western Hospital.
Slower driving at Ninth and Main.
Better gas and better street lights.
That big office building near the I. C. depot.
Virginia and Peace Parks beautified.
An extension of the turnpike system.
Advertising the town by the merchants.
A share of that \$3,000,000 to be spent by the I. C. railroad in putting down a new track leading out of the city.

BAPTIST REVIVAL

First Sermon By Dr. J. W. Porter, of Lexington Last Night.

The revival at the First Baptist church, began Sunday morning and last night Rev. J. W. Porter, of Lexington, preached his first sermon. In spite of the rain, the attendance was good. Dr. Porter comes heralded as a great preacher. Mr. Scholfield, the singer, is conducting the music. There will be services twice a day.

EIRE AT DAWSON

Flames Cause Loss Of Several Thousand Dollars At That Place.

Dawson, Ky., Jan. 3.—Fire at 11:15 last night destroyed a frame livery barn belonging to Wm. Lynch, and store building, the property of I. N. Day. The Lynch building was occupied by O. P. Ridley & Son as a livery and feed stable. The Day store was occupied as a grocery and meat market by L. L. Roberts.

The losses as far as could be learned are:

Wm. Lynch, \$1,000; insurance, \$1,000.
O. P. Ridley & Son, stock, feed and vehicles, \$1,000; insurance \$1,000.
I. N. Day, \$1,000; insurance, \$500.
L. L. Roberts' grocery store damaged by fire and water and six horses were burned of the fourteen in the stable at the time of the fire.

BIG EQUIPMENT ORDER

\$10,000,000 Will Be Expended By The Illinois Central In 1913.

Chicago, Jan. 6.—Contracts for approximately \$10,000,000 worth of equipment for delivery during the present year have been let by the Illinois Central railroad, it was announced yesterday. The order includes 50,000 tons of steel rails, as compared with 35,000 tons of rails in 1912.

Farm Rates In Force.

The new farm rates in Kentucky, ordered by the state insurance board went into effect Jan. 1. They made material reductions in the present rates, and the farm writing companies announce that they will exercise great discretion in accepting business and will revise their applications and policy contracts.

IN JAIL HERE
FOR SAFETY

Charged With Detaining a White Woman Against Her Will.

MOB VIOLENCE THREATENED.

Roy Bouser, Alias Ticklin Bridges, Glad He is Here.

George W. Houser, Sheriff of McCracken county, arrived here Saturday afternoon from Paducah with a negro by the name of Roy Bouser, alias Ticklin Bridges. The negro was charged with the crime of detaining Mrs. Lula Osburn against her will. The alleged crime was committed in Paducah last Saturday morning about 10 o'clock.

The negro grabbed the lady while on her front porch, but was prevented from accomplishing his purpose by the lady's screams. Her little daughter hearing the disturbance on the porch, began screaming also when the negro, after having choked Mrs. Osburn and realizing his danger fled, but was caught and put in jail.

After being jailed the people became so aroused that Judge W. M. Reed, issued an order for the Sheriff to bring the negro to Hopkinsville for safe keeping.

Court convened at Paducah yesterday and Sheriff Houser told Mr. Mullin, that he expected to be back after the negro in two or three days.

After being put in jail Bridges told the jailer that he could not sleep Saturday night, for fear that a mob would come here from Paducah and take him out and kill him.

Yesterday morning when asked how he slept Sunday night the prisoner said he got along better than the night before. He then said he was mighty glad he was here instead of being in the Paducah jail. He insists that he is innocent of the heinous crime charged.

THE TURKS MUST GIVE
UP ADRIANOPL

Unless They Agree, The Peace Conference At London Will Be Suspended.

London, Jan. 6.—The Balkan peace envoys have decided, it was declared this morning, to put the direct question to the Turkish delegation tonight, whether the Ottoman government is prepared to cede the fortress of Adrianople forthwith.

Unless the Turks give a favorable answer within twenty-four hours the conference will be suspended. No other question will be considered by the allies until this point has been settled.

BAILEY RESIGNS

Sends In His Resignation To Take Effect Immediately.

Washington, Jan. 3.—Senator Joseph W. Bailey today sent in his resignation as Senator from Texas to Senator Gallinger, to take effect immediately.

R. M. Johnson, of Houston, is now in the city, and Senator Bailey said he would be appointed by the Governor to succeed him, with the exception that the Legislature, when it meets, would elect him to fill out the unexpired term.

Grievances and Charity—To be named.

Bridges—Bradley Harned and Leverett.

An appropriation of \$100 was made to apply on the rent of larger quarters for the armory of Co. D. for 1913, in the Cook building.

The appropriation of \$100 to defray the expenses of Mrs. W. A. Radford to New York on library business was increased to \$125, the first sum being insufficient.

The final settlement of the balance due the Bitulithic Co. for the improved streets was made. The city advanced \$3,999 due by property owners, until bonds can be sold on the property next week. Two-thirds of the property owners have paid in cash.

By a vote of 4 to 3 the Council instructed Mayor Meacham to approve a temporary bond of Policeman K. H. Keach with personal sureties, and Officer Keach was put to work Saturday, his regular term beginning yesterday. He was assigned to work from noon to midnight.

LAST ISSUE

Of High School Bonds Sold Saturday.

Mayor Meacham on Saturday sold to the City Bank & Trust Co. the last batch of \$5,000 of the 1911 High School bonds. Of the two issues of \$70,000, \$5,000 have already been paid off, leaving \$65,000 outstanding. This is all the city owes except \$6,500 of O. V. Railroad bonds.

Moved To The City.

George Smith, who sold his farm, near Julian, a few weeks since, has moved to the city and is living in the Ed Hester house, 209 West Eighteenth street.

HIS TOMB AMID THE WAVES
Chateaubriand Buried at St. Malo
Where Grave is Covered by Sea
at High Tide.
Americans by the thousand visit
Mont St. Michel every year, there to
explore the famous old monastery
and feast on the renowned omelettes
of Madame Poularde, and most of
them tarry en route at St. Malo, the
gay watering place on the Brittany
coast, whose grim past is recalled
by the fortifications by which it is
begirt.

Chateaubriand, the father of
French romanticism, is buried at St.
Malo, and no true American sight-
seer fails to pay a visit to his tomb,
nameless, which, at high tide, is cov-
ered by the sea. Now Jules Le-
maitre, in a new work on "the great
egoist," as he calls Chateaubriand,
tells how the author bargained with
the mayor of St. Malo for the grant
of a rock whereon to plant his tomb,
which he stipulated was to be a
simple stone with a cross, without
a name, amidst the waves. "He was
bent," says Chateaubriand's latest
biographer, "on astonishing the
world, even when he could no longer
be by to enjoy the effect. There
was vanity in his very skeleton."

ENJOYED HIS GAME GREATLY
New York Amateur's Billiard Match
With Willie Hoppe, the Blond
Young Wizard.
Willie Hoppe, the blond young
German who wizzes with his cue,
was practicing in New York city the
other day against an international
match in which he is soon to take
part. The captain walked in. The
captain owns a yacht, a vast amount
of personal scenery, and can poke
the ivories himself.
"It was most convenient," he ex-
plained to his friends. "But I'd
promised Willie I'd run in and play
him a game. Kind of get him on
edge, you know."

Mr. Hoppe went on thrusting at
the ivories. The captain took the
center of the stage. He sent a boy
for his special eight-ounce cue. An-
other boy hurried and brought him
a new hunk of chalk. The captain
took off his tweed topcoat and rolled
back his London-made cuffs and
pinned a napkin over his Poole-
waistcoat and took off his spats. Mr.
Hoppe won the break. The captain
began chalking his cue. Now and
then he moved around the table in
Mr. Hoppe's wake. The game was
250 points.

When Hoppe had rolled up 200
points the captain sent his cue back
to the rack, put on his spats, took the
napkin off his waistcoat, rolled down
his cuffs and had his tweed overcoat
dusted off. When Hoppe ran down
the two hundred and fiftieth point
the captain shook him solemnly by
the hand.

"I've enjoyed my game tremen-
dously, old top," said he. "Goodby,
I must hurry back to Trenton."

SHORT BITS OF WISDOM THAT ARE OF VALUE.

Will Be Found to Be Labor Savers as Well as Economical—How Rusty Needles May Be Effectively Cleaned.

When darning a rent in woolen goods, and it is impossible to ravel out the goods itself for thread to darn with, use long hairs from your own head. The loose weave of the wool loses the hair in its meshes, and so the darn becomes invisible.

The best way to clean rusty needles is to run them up and down in the earth. Just go out in the garden and stick the needles in the ground, then pull them out. Have the needles threaded, with the thread tied double, so there will be something to catch hold of to extract the needle from the earth. This method is even better than using an emery bag.

When buttons come off shoes and you sew them on again, run through all the other buttons with the same thread with which you replace the missing ones. It will strengthen them all and make the next button sewing a task far in the future.

Small holes in black or white kid gloves can easily be mended with court-plaster. Cut the plaster a little larger than the hole itself, and stick it to the under part of the glove directly over the hole, pressing the kid down smooth on the sticky surface of the plaster. This will last as long as the gloves themselves do.

If the tip breaks off the end of your scissors, the jagged point may be smoothed off by rubbing it on a whetstone. The point will be uneven, but it will cut all right. The same treatment may be used for blunted needles.

Glove clasps, or snap fasteners are better to use as a fastening for place-kets on cloth dresses than are hooks and eyes. But when the latter are used be sure to buy those having the peat eyes instead of the ordinary loop eye.

Silk petticoats always give way first at the seam; therefore, when you buy a new one, sew silk seam binding over each seam on the right side. This will often serve as a cure for worn-out petticoats.

When doing drawn work or hem-stitching on linen, soap the place where the threads are to be drawn, using a thick soap lather and a soft brush. After the work is once started, it will be an easy matter to draw out the threads, as they slip very easily on the soapy surface.

Molasses Cornballs.

For a family of five buy two pounds of corn on the cob, or one pound all shelled. After popping pick it over and remove all hard kernels. For the sirup use two cups of molasses and one-half cup of white sugar and boil until hard, when a few drops are put in cold water, then add a piece of butter size of a walnut and a quarter of a teaspoonful of soda. Pour over the corn and stir thoroughly. Butter the hands and while the corn is warm form into balls. You will have to work quickly as they cool fast. This makes anywhere from two to three dozen cornballs, according to the size you make them.

Marshmallow Fudge.

Heat two cupsful of granulated sugar, one cup of rich milk; add two squares of chocolate and boil until it hardens in cold water. Just before it is done add a small piece of butter, and then begin to stir in marshmallows, crushing and beating them with a spoon. Continue to stir in marshmallows after the fudge has been taken from the fire until a pound has been stirred into the fudge. Cool in sheets three-fourths of an inch thick and cut into cubes.

Peanut Fudge Filling.

Two cupsful of sugar, one pint of milk, four squares of chocolate, four tablespoonsful of butter, one teaspoonful of vanilla essence, one cupful of chopped peanuts. Put all ingredients into a saucepan and let this stand at the back of the range until the mixture liquefies. Boil until a soft ball is formed; beat until creamy; spread between cakes.

Aunt Maria's Cake.

One-half cup butter, one cup brown sugar, one egg sour milk, two cups flour, one teaspoonful soda put in dry flour, one teaspoonful cinnamon, one-half teaspoonful cloves, one egg (beat white separately), one teaspoonful molasses, one cup chopped raisins. Bake one hour.

Chestnut Salad.

Shell large chestnuts and blanch them. Then boil until tender. While they are still hot immerse them in French dressing to which has been added a little onion juice. Drain and chill thoroughly. Serve in a bed of watercress.

Pickled Tripe.

To pickle tripe cut into squares and lay in an earthen pot, and pour over boiling vinegar enough to cover, in which a blade of mace, a dozen whole cloves and a stick of cinnamon have been boiled. It will be ready for use in 12 hours.

Cleaning Bedsteads.

To clean white iron bedsteads use a damp cloth and a little cooking soda. This will leave the bedstead clean and white. Soda will also remove nearly all stains from the sink.

CHILDREN'S KIDNEYS

No Hopkinsville Mother Should Neglect The Little One's Health.

Often times weak kidneys cause great annoyance and embarrassment to children. Inability to control the kidney secretions, at night or while at play, is attributed to carelessness and too frequently the child is punished. Parents having children troubled with kidney weakness would do well to treat the kidneys with a tested and proven kidney remedy. If there is a pain in the back, discolored urine, irregular urination, headaches, dizzy spells or a tired, worn-out feeling, try Doan's Kidney Pills at once. A remedy that has been used in kidney trouble for over 50 years and has been recommended by thousands. Proof of merit in a Hopkinsville citizen's statement.

Mrs. J. T. Cannon, 609 O'Neal St., Hopkinsville, Ky., says: "I have given Doan's Kidney Pills to my children at various times and always find them beneficial. Whenever one of my children is bothered with kidney weakness, a few doses of Doan's Kidney Pills relieve the attack. I can highly recommend this remedy as a cure for kidney trouble."

What Makes a Woman?

One hundred and twenty pounds, more or less, of bone and muscle don't make a woman. Its a good foundation. Put into it health and strength and she may rule a kingdom. But that's just what Electric Bitters give her. Thousands bless them for overcoming fainting and dizzy spells and for dispelling weakness, nervousness, backache and tired, listless, worn out feeling. "Electric Bitters have done me a world of good," writes Eliza Pool, D. pew, Okla., "and I thank you, with all my heart, for making such a good medicine." Guaranteed by All Druggists. Advertisement.

Mail Carriers Will Fly.

This is an age of great discoveries. Progress rides on the air. Soon we may see Uncle Sam's mail carriers flying in all directions, transporting mail. People take a wonderful interest in a discovery that benefits them. That's why Dr. King's New Discovery for Coughs, Colds and other throat and lung diseases is the most popular medicine in America. "It cured me of a dreadful cough," writes Mrs. J. F. Davis, Sickney Corner, Me., "after doctor's treatment and all other remedies had failed." For coughs, colds or any bronchial affection it's unequalled. Price 50c and \$1.00. Trial bottle free at All Druggists. Advertisement.

NEW YORK WORLD

Practically a Daily at the Price of a Weekly.

No Other Newspaper in the World Gives So Much at So Low a Price.

This is a time of great events and you will want the news accurately and promptly. The Democrats, for the first time in sixteen years, will have the Presidency and they will also control both branches of Congress. The political news is sure to be of the most absorbing interest.

There is a great war in the Old World, and you may read of the extinction of the vast Turkish Empire in Europe, just as a few years ago you read how Spain lost her last foot of soil in America, after having ruled the empire of half the New World.

The World long since established a record for impartiality, and anybody can afford its Thrice-a-Week edition, which comes every other day in the week, except Sunday. It will be of particular value to you now. The Thrice-a-Week World also abounds in other strong features, serial stories, humor, markets, cartoons; in fact, everything that is to be found in a first class daily.

THE THRICE-A-WEEK WORLD's regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and the Hopkinsville Kentuckian together for one year for \$2.65.

The regular subscription price of the two papers is \$3.00.

DOES DOMESTIC SCIENCE PAY?

How It Progressed In Warren
County Despite Opposition.

THE OLD IDEAS ARE OVERCOME

The Good Work of Daisy Kite, Who
Won a Fifty Dollar Prize For All
Round Excellence, a Splendid Exam-
ple of What Has Been Done.

We may live without poetry, music and
art.
We may live without conscience,
We may live without heart,
We may live without friends,
We may live without books,
But civilized man cannot live without
cooks.

—Meredith.

The old feeling of "my father didn't
farm that way" or "my mother didn't
learn to cook that way" is the most
difficult thing to overcome in any old
community. Practically everything
that has come into our schools in the
past has had a hard battle to wage

DAISY KITE.

against these two phrases. Fortunately
here and there in the rural schools
the teaching of sewing and cooking has
gained a foothold. In Warren county
this year the people were fortunate
enough to have a competent woman go
from school to school with her equip-
ment in a wagon and give some in-
struction.

Naturally there was some grumbling
among those who belong to the "old
school," the school that believes that
"what was good enough for me is good
enough for my chillun," but something
happened when the school fair was
held this autumn. A number of prizes
had been offered for exhibits of needle-
work and cooking; also, a grand prize
of \$50 in gold to the girl showing the
greatest amount of fine work in all
classes. This grand prize was awarded
to Daisy Kite.

As soon as the award was made
known, some outsider asked "Where
is this girl that has done so much
splendid work, covering, sewing, beat-
en biscuit and fine cake making?"

A sympathetic smile flitted across a
teacher's face as she replied, "Did you
see the parade downtown this morn-
ing?"

"Yes. Why?"
"Did you notice a lame girl with a
face written over large with the word
"Pluck?" That was Daisy Kite. She
does what the others do, in spite of
the fact that she has been on a crutch
since she had a hip crushed when she
was three."

"Oh, her father is a farmer who rents
somewhere out in the county here, and
Daisy had been going to the country
school in the neighborhood. It is just
a case that shows that sewing, cooking,
practical things, will pay in our school

DOES DOMESTIC SCIENCE PAY?

system everywhere. If the work this
year in the county has cost something
Daisy Kite's opportunity that has come
would pay the whole bill."

"What do you mean?"
"I mean that the whole neighborhood
is now interested in the child and will
see that she get a real education. And
if that comes true Daisy will have
grown. More than that, the neighbor-
hood will have grown through doing
good for some one. I am certain that
there are hundreds of Daisy Kites in
the nooks and corners of the state
waiting to be touched by something
vital in education. I don't mean the
education that lies between the covers
of a blue back speller, a reader or an
arithmetic, but the education that ap-
peals to the child because it fits for
life's activities.

Relieves Neuralgia

Sloan's Liniment gives instant relief from neuralgia or
sciatica. It goes straight to the painful part—soothes the
nerves and stops the pain. Don't rub—it penetrates.

PROOF

Mrs. RUDOLPH NISCKE, Oconto, Wis., writes:—"I have used Sloan's
Liniment for toothache and neuralgia in the head where nothing else would
help me and I would not be without the Liniment in the house."

SLOAN'S LINIMENT

is also good for rheumatism, sore throat, chest pains and sprains.

Pains All Gone

Mrs. C. M. DOWKER, of Johannesburg, Mich.,
writes:—"I wish to say your Liniment is the best
medicine in the world. It has cured me of
neuralgia; those pains have all gone and I
can truly say your Liniment did cure me."

Pain All Gone

Mrs. J. R. SWINGER, of 547 So. 12th St.,
Louisville, Ky., writes:—"I suffered with
quite a severe neuralgic headache for four
months without any relief. I used your
Liniment for two or three nights and I
haven't suffered with my head since. I have
found many quick reliefs from pain by the
use of Sloan's Liniment and believe it to be
the best Liniment on the market to-day. I
can recommend it for what it did for me."

Clarksville Negro Caught.

A negro, supposed to be Jack
Jackson, wanted in Clarksville on
the charge of murdering his wife,
has, according to the Post Dispatch,
been arrested in St. Louis. He pro-
tested that he was not Jack Jackson,
but Jack Allen. He was identified,
however, by another negro who claims
to have lived near him at the time
of the killing in 1906, and he will be
taken to Clarksville.

FRANKFORT MAYOR

And a Committee "Drop In"

heralded to inspect Hopkinsville's
system of slaughtering live stock.
The party consisted of Mayor J. H.
Polsgrove, Rowan Henry, Keene
McGinnis and Fred Sutterlin.

Mayor Meacham appointed a com-
mittee consisting of City Attorney
W. H. Southall, Dr. J. W. Harned,
Dr. W. A. Lackey and Nick Stadel-
man, who took them in charge and
showed them the Abattoir and some
of the up-to-date butcher shops.
After a general inspection of the
city, they left on an evening train.

Mayor Polsgrove expressed him-
self as greatly pleased with Hop-
kinsville as a live, progressive city.

J. N. Haydon died at the institution Saturday of exhaustion from chronic mania, aged 76 years. He was sent here for treatment from Muhlenberg county about a year ago. The remains were interred in Riverside Cemetery Sunday.

PNEUMONIA

Causes Death After Illness of Two Weeks.

Mrs. Mattie V. Kennedy, wife of J. L. Kennedy, died yesterday morning at 3 o'clock, at her home on McPherson avenue, after a very brief illness of pneumonia. Mrs. Kennedy was 50 years old and a member of the First Baptist Church of this city. She was taken ill on Christmas day. The deceased was a most excellent lady and leaves a host of friends.

The funeral services will be held at her late residence at 2 o'clock this afternoon by Rev. C. M. Thompson and the interment will take place in Riverside Cemetery.

URAEMIC POISONING

Caused Death of Mrs. Veach Sunday.

Mrs. Rosetta Veach, died Sunday at her home near Concord. She had been partially paralyzed, but the immediate cause of death was uraemic poisoning. Mrs. Veach was about 70 years old. She was a widow, her husband having been killed by a train in this city about four years ago. The interment took place at Riverside Cemetery yesterday.

WHERE BULBS ARE PRIZED.

In the Magazine Flowers Frank Seaman, who has a Japanese estate in Ulster county, N. Y., tells of his search in Japan for irises that were rare. He was introduced to Osugi San, an old priest in Kioto, who grows probably the most beautiful iris in the world. Osugi San had refused to sell a single bulb even for \$1,600, a fortune to him; he had refused a pension for life from the city of Kioto if he would plant one hundred bulbs in the public gardens; he had devoted forty years of infinite pains to the bulbs and said the art of growing iris was "still very young."

STRANGE.

"What are you angry about?" "I saw you with a strange young man last evening!"

"He was a strange young man, judged by your standards. He spent \$4 on me."

FAMILIAR TERM.

"Why didn't you arrest that man when I denounced him as a pick-pocket?" demanded the irate citizen.

"I thought it was just a little political discussion," explained the policeman.—Kansas City Journal.

BUNCH OF GOOD ONES

SOME OF THE BEST OF THE APPROVED RECIPES.

Not All New Ideas, but All Are Worth Remembering—One Especially That Will Suit Those Fond of Peppermints.

Squash Fritters—One pint of cooked squash, one pint of milk, three eggs, and a little salt. Sufficient flour to make them turn easily on the griddle.

Custard Sauce—Beat one egg and another yolk slightly, add three tablespoons sugar, and a few grains of salt, then stir constantly while adding gradually one and one-half cups hot milk. Cook in a double boiler, continue stirring until mixture thickens and a coating is formed on spoon. Strain, flavor with vanilla, one-half teaspoonful.

Fried Chicken—Cut the chicken into six or eight pieces and season well with salt and pepper. Dip in beaten eggs and then in fine bread crumbs in which there is a teaspoonful of chopped parsley to every small cup of crumbs. Dip again in eggs and crumbs and fry in deep boiling fat. Cover the center of a cold dish with a nice white sauce.

Peppermints—If you want a good recipe for peppermints here it is: Two cups of sugar, one-half cup of milk, boil ten minutes, then add two teaspoonfuls of peppermint and beat till white and creamy and drop on buttered paper; be sure and get it thick enough. Keep a basin of hot water near so if it gets too stiff you can melt it a little.

Escalloped Salmon—Remove the bones and pieces of skin from a can of salmon and break the fish into small pieces. Put alternate layers of fish and bread crumbs into a buttered baking dish, having top layer of crumbs. Dot top with pieces of butter and pour in milk until it can be seen around edges. Bake about half an hour.

Endive Salad—Use the endive plant as you would lettuce. It is considered better than lettuce, being more bleached and very tender. I like it best served by itself as a salad, dressed with French dressing, made as follows: Two tablespoons vinegar and four tablespoons olive oil mixed well, add one pinch of salt and a little red pepper. Pour over chilled endive plant and serve.

Delicious Stew.

I use a small agate kettle and set it inside of my large boiler. Keep plenty of water in the large boiler and keep it boiling hard. One pound of stew beef, two pounds pork chops, two onions. Put in a layer of pork, then a layer of beef and a little onion, season each layer with salt and pepper. Continue until all the meat is used. Do not put any water on the meat, but cover as closely as possible and set in the large boiler of boiling water. Put a cover on the large boiler, too. Do not uncover the small boiler for three and one-half hours, then you will find lots of gravy on the meat.—Exchange.

Hints on Cooking Eggs.

Use a vessel with straight sides (a quart measure will do), because it is easier to keep water up to the desired temperature than in a vessel with flaring sides. Have the water boiling hot. Drop the eggs in and keep the temperature up to boiling, but do not let it boil. Let eggs remain in the water eight or ten minutes; the whites should be jelly-like, not hard, and the yolk should also be cooked, but not hard. Cooked in this way, eggs are more palatable.—Home Department National Magazine.

Hamburger Steak.

Cook one heaping cup of macaroni in boiling salted water 20 minutes; while it is cooking fry two large onions and have your hamburger ready. Then butter a baking dish and put in a layer of macaroni, hamburger, onions and one cup of tomatoes (hot); repeat and cook about half an hour in hot oven. Salt and pepper to taste. You can reheat and make a good hearty dish.

Coffee Mold.

Scald one pint of milk, dissolve two heaping tablespoons cornstarch (I prefer flour) in a little cold milk or water, add two tablespoons sugar, pinch of salt, half a cup strong fresh coffee. Stir this into the scalded milk and cook until it thickens. Turn into a mold and set it aside to cool. Serve with cream and sugar. It is called coffee mold.

Sausages Cooked in Batter.

Four tablespoons of flour, one pint of milk, one egg. Beat the batter five minutes, pour boiling water over one pound of sausage and pull off the skins. Place in baking dish, pour the batter over them and bake till nice and brown on top.

Brownies.

Cup cream, one-third cup of butter and one-third cup of powdered sugar. Add one-third cup of molasses, one egg, seven-eighths of a cup of flour one cup chopped pecan nuts. Bake in éclair tin with one-half nut on top of each cake.

Coffee Marshmallow Jelly.

Make plain coffee jelly, not too stiff, and when it has set serve in stemmed glasses, with melted marshmallow poured over it. Decorate with a whole marshmallow and serve.

Dread Of An Operation.

N. Manchester, Ind.—Mrs. Eva Bishore, of this place says: "I suffered female misery of every description. Two doctors attended me and advised an operation. I lost weight until I weighed only ninety pounds. I dread d an operation, and, instead, began to take Cardui. In a short time, I gained 25 pounds, and feel as well as I ever did. Cardui, I am sure, saved my life." Cardui is to day used in thousands of homes, where it relieves pain and brings back strength and ambition. It is a woman's medicine, for woman's ailments, and you are urged to try it for your troubles. Ask your druggist. He will tell you about Cardui.

MORAL NOT HARD TO FIND

Probably We All Have Known People to Whom This Chronicle Will Have Significance.

There was a large Thomas cat that had its habitation in a store. It was reported to be a fine blooded animal from a family of distinguished rat destroyers. The cat was a beauty and everybody round the store took a turn at furnishing grub suited to the taste of a blooded cat.

It was observed, however, that there was no reduction of the rat or mice population, and the proprietor of the store commenced to inquire into the reason why. He first tried the cat on a rat that had been caught in a trap, but the feline expressed no interest or animation. He looked at the rat and then walked away. The storekeeper was disappointed, but not entirely discouraged. He thought perhaps that cat's specialty was mice, and as he had a mouse or two that had been caught alive in a trap, he turned them loose in front of the cat, but it paid no more attention to them than a sheep would to a rare done beefsteak. "I think," said the storekeeper, "that I am onto this situation. I will fire the next employee who gives that cat anything to eat." For two days the Thomas cat did a good deal of howling and wore a look of injured innocence. He felt that he had been wronged and was ready to start an insurrection, but as that didn't seem to get him anywhere, he turned loose on the rats and mice in a way that was surprising.

The second day after this change of program the rats held a convention to consider what ought to be done. When the leading orator among the rats arose, he said: "Fellow rats, this is no time for talk. What we want to do is to move. That cat hasn't any more natural ability than he had before, but he has concluded that he either has to hustle or starve, and I have discovered that when a cat gets in that frame of mind his neighborhood is no place for rats."

Many men and women, as well as cats, have never amounted to a whoop just because they never had to hustle.—Topeka Capital.

UNFITTED FOR HUMAN FOOD

Especial Care Should Be Exercised in the Use of Either Frozen or Dried Eggs.

Frozen and dried eggs intended for human consumption are largely used for cooking purposes where inferiority may be concealed, as in baking cakes or making custards, omelets, pies, etc. The traffic in eggs sold for drying and freezing has greatly increased in the past few years. Strictly fresh marketable eggs in the shell command a high price and there is difficulty in meeting the demand for them; but large quantities of questionable eggs, often bought at very low prices, have been brought out for cooking purposes by disreputable firms, being preserved by freezing or drying until ready for use. Some dealers, however, manufacture a satisfactory product by the use of good eggs handled under proper conditions.

There is no objection to drying or freezing good eggs under proper sanitary conditions; in fact, there are some advantages to be gained by preserving eggs in this manner, although the manufacturing processes devised by man, as a rule, do not improve the quality of nature's work. Conditions of modern life and commerce must, however, be met, and dried eggs or eggs in a frozen condition may be shipped long distances, and require less space for transportation and storage than do eggs in the shell.

London's Kissing Spots.

"The period of engagement was to them a period of licensed kissing. It was not always possible to meet beneath the moon. Humphrey grew where they could kiss in broad daylight. There was an Indian restaurant in the Strand (now pulled down for improvement), which had an upstairs dining room where nobody but themselves ever seemed to go, and then there was the National Gallery, surprisingly empty, where the screens holding the etchings gave them their desired privacy, and on Saturday afternoon they went in the upper circles of theaters, sometimes on purpose not to see the play, but to sit in the deserted lounges during the acting and enjoy each other's company."—"Mightier Than the Sword," by Alphonse Courlander.

Up in the Air Some.

A few days ago a Columbus (Ind.) man brought his three-and-a-half-year-old son to this city. The father had been explaining to the son that Indianapolis has some tall buildings and nothing in Columbus compared with them. They passed the Knights of Pythias building on a street car. The father pointed to the building. The boy looked, turned to his father, and said:

"Believe me, kiddo, that's up in the air some."—Indianapolis News.

Got the Word Wanted.

Tom Moore composed slowly, and considered ten lines a big day's work. Sometimes he would struggle for days or weeks together to get a line just right. One day he and Washington Irving were riding in a cab in Paris. The vehicle jolted over a rock and nearly threw the passengers against the roof. "I've got it!" cried Moore, exultantly. "Got what?" asked Irving. "A word I've been after for a fortnight. This cab jolted it out of me."

For Women Who Care

Of course you use an antiseptic in your family and in the care of your own person, and you want the best.

Instead of what you have been using such as liquid or tablet antiseptics or peroxide, won't you please try Paxtine, a concentrated antiseptic powder to be dissolved in water as needed.

Paxtine is more economical, more cleansing, more germicidal and more healing than anything you ever used.

Paxtine
ANTISEPTIC

In the toilet—to cleanse and whiten the teeth, remove tartar and prevent decay. To disinfect the mouth, destroy disease germs, and purify the breath. To keep artificial teeth and bridgework clean and odorless. To remove nicotine from the teeth and purify the breath after smoking. To eradicate perspiration odors by sponge bathing.

As a medicinal agent for local treatment of feminine ills where pelvic catarrh, inflammation and ulceration exist, nothing equals hot douches of Paxtine. For ten years the Lydia E. Pinkham Med. Co. has been regularly advising their patients to use it because of its extraordinary cleansing, healing and germicidal power. For this purpose alone Paxtine is worth its weight in gold. Also for nasal catarrh, sore throat, inflamed eyes, cuts and wounds. All druggists, 25 and 50 cents a box. Trial box and testimony of 33 women free on request.

YOU CAN MAKE WASHING EASY

There Will Be No After Aches If the Tubs Are Only Placed High Enough.

The washday is often spoken of as "blue Monday" because it is usually a day of hard work followed by days of recovery from such aches as woman thinks her due. Now, it has been definitely proved, says J. Howard Frick, instructor of Medical correction gymnastics in the Samaritan hospital of Germantown, according to the New York Tribune, that washing clothes has nothing to do with making woman feel gloomy, but that the way she does it has all to do with her after health.

The most common complaint of women after a day's washing is the terrible headache which almost compels them to go to bed. This is sometimes followed by headache in the middle of the head and behind the eyes, which often last for days. Now, what is the cause of these after effects? Certainly ordinary work should not entail such after sufferings. The whole cause is the position of the woman while working over the tubs. The majority of wash benches are too low and the woman must stoop over while at work. This causes the muscles of the abdomen to relax, which allows the stomach, liver, kidneys, and, in fact, all the organs, to fall forward out of their normal positions, causing the terrible after effects of such work.

The proper position before a tub is a perfectly erect position. Here it is impossible for the abdominal organs to fall out of position, as the abdominal wall is tense, as it should be when in the erect position.

Another point of value in the erect position is the fact that the wringing of the clothes is much easier, since the whole force of the arm can be used without having to exert an effort to keep the erect position.

The lifting of the tubs is an entirely unnecessary labor. When they are not of the stationary kind they can be emptied by means of a siphon.

Cocoanut Candy.

One and a half cupfuls of soft pale yellow sugar, half a cupful of dark sugar, two and one-half ounces of desiccated cocoanut, one heaping tablespoonful of butter, a quarter of a teaspoonful of cream of tartar, half a pint of cold water and two ounces of plain fondant. Put in pan the sugar, water and cocoanut and stir and dissolve, adding cream of tartar when it boils. Stir most carefully all the time and boil to 245 degrees F. Work the fondant quite soft and pliable and put it in the batch and mix and stir it until it begins to grain. Pour into buttered tin and when half cold cut in strips and wrap each in wax paper.

Tea Biscuit.

Take two cupfuls of sifted pastry flour, two teaspoonfuls of baking powder, one teaspoonful of salt, two tablespoonfuls of butter, two-thirds cupful of milk.

After the flour has been sifted and measured, add baking powder and salt, sift again, then rub butter in with the finger tips. Now with a fork combine this and the milk, neither stir nor knead, just see that ingredients are blended, then take on lightly floured board. With a floured rolling pin roll into a sheet a little more than an inch, cut with small round cutter and bake in greased flat tins.

Autumn Soup.

Cut in thin slices the white parts of four leeks, the same of two heads of celery, and a lettuce; wash and throw them into boiling broth, add a pint of young peas, a little sugar and pepper, two large spoonfuls of flour mixed thinly and smooth. After boiling one and one-half hours put it into the tureen with little "crusts" of bread fried in drippings. The last should be carefully dried in the hot closet so that they shall be crisp and not greasy.

Chocolate Cream Pie.

Here is a chocolate cream pie which everybody likes and it has the merit of being cheap. Into your double boiler put one pint of hot water. Blend together one and one-half cups of sugar, four tablespoonfuls of flour, two of cocoa, butter size of small egg, a pinch of salt and stir into the water. Cook until thick. Cover with a deep pie plate with rich pastry and set another plate inside mixture, cover with whipped cream and sprinkle with chopped nuts.

Worth Knowing.

To get rid of carpet moths scrub the floor with hot water made exceedingly salty before laying the carpet and sprinkle the carpet once a week before sweeping till the pests disappear.

To have gems bake nicely, when filling the gem pans with batter leave one of the cups empty and fill it with water. The gems will not scorch when this method is followed and will brown nicely.

Onion Chowder.

Two large onions, three good-sized potatoes. Slice thin, put into pan with water enough to cook without burning. When soft, mash very fine, leaving water in. Add one pint of milk or more if desired, let come to a boil. Have ready one egg well beaten in serving dish and stir chowder into egg. Season with pepper, salt and butter. Fine for a cold day for luncheon.

To Freshen Cake.

To freshen stale cake, dip it for a second or two in cold milk, and then rebake it in a rather cool oven. It will taste almost like new again.

END OF WONDERFUL GUN

Did Its Duty to the Finish But the Strain Was More Than It Could Bear and Survive.

Not long ago an ex-governor of Michigan, a Cleveland capitalist, and several friends were in the big woods near Turtle Lake, guided by Sam Sampson, a famous hunter and trapper. Same possesses a gun with a barrel five feet long, but once, according to his story, he had a still longer one.

"It was a wonderful gun," he said to the ex-governor. "I could kill a b'ar as fur off as I could see 'im, an' that gun was as knowing as a man. If it hadn't been fur that, it would never ha' busted!"

"How did you break it?" asked one of the hunters.

"I strained it t' death," said the old guide soberly. "I was out hunting one day when I seen a buck and seven does a-standin' close onto me. I pulled up old Beetle—that's what I called th' gun—and was jest goin' t' let go when I heard an awful funny noise over my head.

"I looked up 'n' there was more'n ten million wild geese a-sailin' over me. There I was in a predicament. I wanted th' geese 'n' I wanted the deer.

"At last I aimed at th' geese an' let sliver. Beetle must ha' knowed I wanted both, fur that was th' end of the old gun. The strain on her was too much, an' both barrels busted.

"Th' shot in one of 'em killed the buck, th' shot in th' other killed ten geese, and when Beetle died she kicked so hard I was knocked into a crick. But when I come out my bootlegs was full o' fish. I ain't never seen another sech gun as Beetle."—Lippincott's Magazine.

NOTED SONS OF MINISTERS

On Every Line They Have Been Widely Known in Public Life in America.

It is probable that ministers' sons have exerted more influence in the United States than in any other country. Among teachers, lawyers, doctors, scientists, men of business and in the church there are a great host who have been the sons of ministers. Of the more notable men in our history who were sons of ministers we find in political life Cleveland, Clay, Buchanan, Arthur, Quay, Morton, Beveridge, Hughes and Dilliver; among jurists, Field and Brewer; among educators, Woodrow Wilson, Paunce, James, Carroll, Lunsbury; in history and literature, Sloan, Parkman, Bancroft, Holmes, Emerson, Henry James, Lowell, Gilder, Van Dyke; in invention and science, Cyrus W. Field, Samuel F. Morse and Agassiz; in the church, Beecher, Alexander, Hodge, Abbott, Potter, Jonathan Edwards; in philosophy, James.

In the Hall of Fame 51 famous Americans are honored. Of these 51 ten are the children of ministers: Agassiz, Beecher, Harriet Beecher Stowe, Henry Clay, Jonathan Edwards, Emerson, Lowell, Morse, Bancroft and Holmes.—Popular Science Monthly.

Clay Work for the Children.

When it is raining or snowing some Saturday morning and the children can't go out, nothing will stop the riot so quickly as a bunch of clay for modeling, the Kansas Industrialist observes. It is much like mud pies, but cleaner, and the children will leave a box of chocolates to get at it. A little practice will soon enable them to make many things.

The best clay can be procured in the form of a white powder, costing from two to four cents a pound. The rough clay, directly from the works, can be bought by the barrel at two cents or a little less a pound. It is best to let the material remain as powder until one or two days before using. Then pour water over as much as it is desired to use. Stir it occasionally. A small portion may be kept ready for use if watched to prevent drying.

A specially prepared oiled clay can be bought for 35 cents a pound. It comes in colors and is always ready for use.

Paint Pot Banished From Japan.

The paint pot is practically banished from Japan. That is the first thing you notice as you approach the coast; for the first adventurous fishing boat you pass is built, it would seem, of about half a dozen broad, unpainted deal planks. So with the sampans that cluster round your ship as soon as the anchor is dropped; they are all nature-colored, undecorated, and undecayed by a single lick of the paint brush. So with the houses of the first Japanese street you enter, they are weathered to the silver-gray of unpainted pine. Such color as there is proceeds from the innumerable strips of calico, inscribed with huge hieroglyphics, which flap perpendicularly or horizontally before every house.

Cattle Ate Up the Washing.

John Corr at Newton Butler sued Frank Beggad for ten dollars damages for the alleged destruction of some clothing. The defendant's cattle had a tremendous appetite, said M. E. Knight, the plaintiff's attorney. One day the plaintiff had a washing out and these cattle made a meal of it.

In his evidence the plaintiff said the washing had been left bleaching on the hedge. When he saw the cows dining off some sheets he pulled the remains out of their mouths. They had completely eaten a pair of trousers, a blouse and some other pieces.—London Globe.

WOMAN BUYS \$5,000 DOG.

Offley Wee Blackie, Champion Pomeranian, Gets New Mistress.

Chicago, Jan. 3.—The most valuable Pomeranian dog in the world has been bought by a Chicago woman.

Offley Wee Blackie, international champion, was purchased for \$5,000 in New York. The name of the new owner has not been disclosed.

The champion arrived in Chicago. Taken from his berth in an express car, Offley Wee Blackie was thrust in a waiting motor car and whisked away to some secret whereabouts.

The sale has caused consternation in the ranks of the nation's dog fanciers.

Harrison L. Van Schaick, dog fancier and expert of national prominence, made a special trip to New York, where he purchased the Pomeranian from Albert W. Freeth.

The transaction was made through a broker, who sent the wire by special wire.

Mr. Van Schaick asserts he does not know the new owner of the canine.

Offley Wee Blackie is an English dog, three and one-half years old, and weighs three and one-half pounds. He was brought from London last year by Mr. Freeth, where he was owned by Mrs. Langton Dennis.

Michigan Congressman Takes Own Life While Insane.

Washington, Jan. 3.—Representative William W. Wedemeyer, of Ann Arbor, Mich., who suddenly went insane at Colon, Panama, at the time of President Taft's visit to the Isthmus, jumped overboard last night from a ship on which he had been taken to Colon. His body had not been recovered last night.

Representative Wedemeyer went to the Isthmus with a Congressional party at the same time the President visited there. On the voyage from New York he collapsed and was taken first to a sanitarium in Panama, and later was put in confinement in a hospital, where he became violent. He developed a suicidal tendency and was closely watched.

HEAVY RAIN

Streams Swollen and Zero Weather Predicted.

Rain began falling yesterday morning and the precipitation was general all over the country. It was the first heavy rain since way last year. Tobacco is now said to be "too high" for bulking down and the weather forecast sent out from Washington Sunday said that the rain would be followed by zero weather all over the United States. Yesterday was county court day but there were very few people in town on account of the small streams being so swollen that the country people could not get here.

At the bridge about two and a half miles North of town, the roads and fields were submerged and many people who had started to town had to return to their homes. At Bro-nough's crossing the water was nearly five feet deep. We have not heard of any of the railroad bridges being under water and trains are running as usual.

AMUSEMENTS.

Melodious in score, bright in color, rich in fabric and graceful in movement "The Winning Widow" with the clever trio of musical comedy entertainers, Mul Clark, Lovey Marie Green and Ben Turbett and a large company of well known principals, backed up by a chorus of beautiful women, will be the big Max Spiegel offering at Holland's Opera House, Monday, Jan. 13. Frank Kennedy and Seymore Furth divide the honors of the book and music, and Will H. Heelan furnishes the many jingling musical hits with which the famous musical comedy abounds. Among the many song hits are: "Away Down South," "The Ghost of the Violin," "She Is a Winning Widow," "I Love Only You," "Buzzing Bee," "Take Me Back to Dear Old Broadway," "What Will I Have to Do to Make You Love Me," "Waiting For Robert E. Lee," "That Gaby Glide," "Sitting in the Moonlight With You," etc.

RETURNED TO HOSPITAL

After Having Been Sent Home as Cured.

Officers J. N. Barker and James McAttee arrived here yesterday from Owensboro with Blair Gilmour, who was placed in the Western Kentucky Hospital.

Mr. Gilmour, who belongs to one of the best families in Owensboro, was sent home last Friday. He was an inmate of the Hospital for about a year. He was never violent but of a morose temperament during his time at the Hospital and when sent back to his home was supposed to be in his right mind. When he reached Owensboro and went to his home, expecting his wife and children to meet him at the door, he was told that none of his family were in the city but were in Kansas City, Mo. So great was his disappointment that his mind gave way and he lapsed back in his former condition. There was nothing to be done by the authorities but to return him to the Hospital, and Mr. Gilmour was sent back to the institution for treatment.

The extreme cold will spread quickly eastward and southward, extending through the east gulf and South Atlantic States, within three days.

THE FARM WAGON

UNLIKE farm implements, the wagon is used the year round and must carry loads over roads under all conditions; for that reason there should be as much or more care taken in the selection of a farm wagon than any other implement on the farm. Economy demands that a farm wagon shall be chosen for its durability and light running qualities. A cheap wagon is a loss to a busy farmer. Constant breakdowns and repairs cost time and money.

The quality of the material that goes into the

STUDEBAKER

wagon is unquestionably the best to be secured.

Studebaker Wagons have been on the market for sixty years and are built to wear and do wear. We have just received a shipment of these wagons, and now have the different sizes, and width tires.
